"The Onassis Foundation Science Lecture Series"

The Onassis Foundation Science Lecture Series is a series of events that aim to promote the understanding and appreciation of science. The series features talks by leading scientists and experts from various fields, and is open to the public. The lectures are held at the Onassis Cultural Centre in Athens, Greece.

The series began in 2001 and has since attracted a large and diverse audience. The lectures cover a wide range of topics, from astrophysics to medicine, and are given by some of the world's most renowned scientists.

The lectures are broadcasted live on the internet, allowing people from all over the world to participate.
