Education National Technical University of Athens
Diploma of Electrical Engineering (1965-70)

Nuclear Research Center Demokritos, Athens
Graduate Work in Physics (1970-71)

New York University, PhD in Physics (1971-75)

Academic Positions University of Crete
Professor Emeritus (since 2014)
Professor of Physics (1985-2014)

Washington University, *St. Louis*
Associate Professor (1987-90)
Assistant Professor (1981-87)
Research Associate (1980-81)

University of California, Berkeley
Research Associate (1978-80)

The Institute for Advanced Study, Princeton
Visiting Member (1976-78)

Université de Paris VI, Paris
Postdoctoral Fellow (1975-76)
